## **RULES AND REGULATIONS**

A driveway will not be plowed while the resident is on vacation. Each resident shall notify the Service Director of winter vacations as a courtesy and in order to ease the plow burden.

Residents are to notify the Village Hall or the Service Director of any change of residency, or if an able bodied person, capable of removing snow from the driveway establishes residency.

The driveway will be plowed by 2 (two) passes with a snow plow mounted on a motor vehicle, thereby making the driveway passable to motor vehicles. No other plowing and no shoveling of walks or other areas is to be expected.

The Service Director alone shall determine when and if there has been a 4 (four) inch snowfall or if drifting conditions warrant new snow plowing of driveways, and when and if personnel are available to plow driveways, keeping in mind that the plowing and salting of all public streets and highways takes absolute priority.

The Service Director is to be solely in charge of the time of plowing driveways and the order of plowing any driveways, as he deems best.

The Service Director shall have the right to determine the best and safest method for plowing any given resident's driveway and such determination shall be final.

Qualifying residents shall be expected to cooperate fully with the Service Director or his personnel in providing the snow removal assistance and any abuses as determined by the Service Director will result in termination of such service to such resident.

Residents are hereby notified that the Village owned truck and plow or any hired truck and plow may be larger, wider, or heavier than that is customarily found on a residential driveway (width of the plow is approximately 8 (eight) feet and the weight is approximately 4 ½ (four and one-half) tons and it shall be the responsibility of each resident prior to signing the attached consent and release to ascertain his or her driveway size and strength and to make a determination that it is desirable to plow it with such equipment.

Residents shall **annually, before November 1<sup>st</sup> of each year,** apply for the snow removal assistance by completing and signing all pages of the Application.

The Village Council expressly reserves the right to terminate this snow removal assistance program without notice at any time it deems best.
