Dear Glenwillow Business,

The Village greatly appreciates your patience during the construction of the proposed round-about at Pettibone-Richmond Road Intersection. As a follow up to the original notification of the project in August of 2013, we have recently been informed by the Oakwood Village Engineer that the Contractor of the improvement will start the traffic detour to complete the final phases of the improvement.

Starting this Thursday (10/31) by 7:30 am through traffic **will not** be permitted in the west bound direction on Pettibone Road from Bond Street to Richmond Road. This detour will be required to install the final pavement section of the improvement. Although the detour will be posted, the proposed route will be north on Cochran Road, west on Solon Road, south on Richmond, west on Tryon and south on Oak Hill. This traffic pattern will remain in effect for a maximum of 14 days or by the afternoon of November 14th. Although the traffic will be restricted in the west bound direction during this period, traffic in the east bound direction will be maintained at all times. Please note the existing closure of Richmond Road will remain in effect for the duration of the project.

Please notify your carriers, delivery services and personnel of this restriction. We understand that this will be disruptive and at times inconvenient to all involved. If you have any special needs that we should be aware of, please don't hesitate to contact us. Please keep off the work areas and do not disturb any of the various types of warning devices around the project. Police and Fire Services have been notified of this work and emergency access will be maintained at all times. We apologize for any inconvenience that this may cause and appreciate your patience. If you have any questions please do not hesitate to call me at 440.439.1999 or the Village Hall at 440.232.8788.

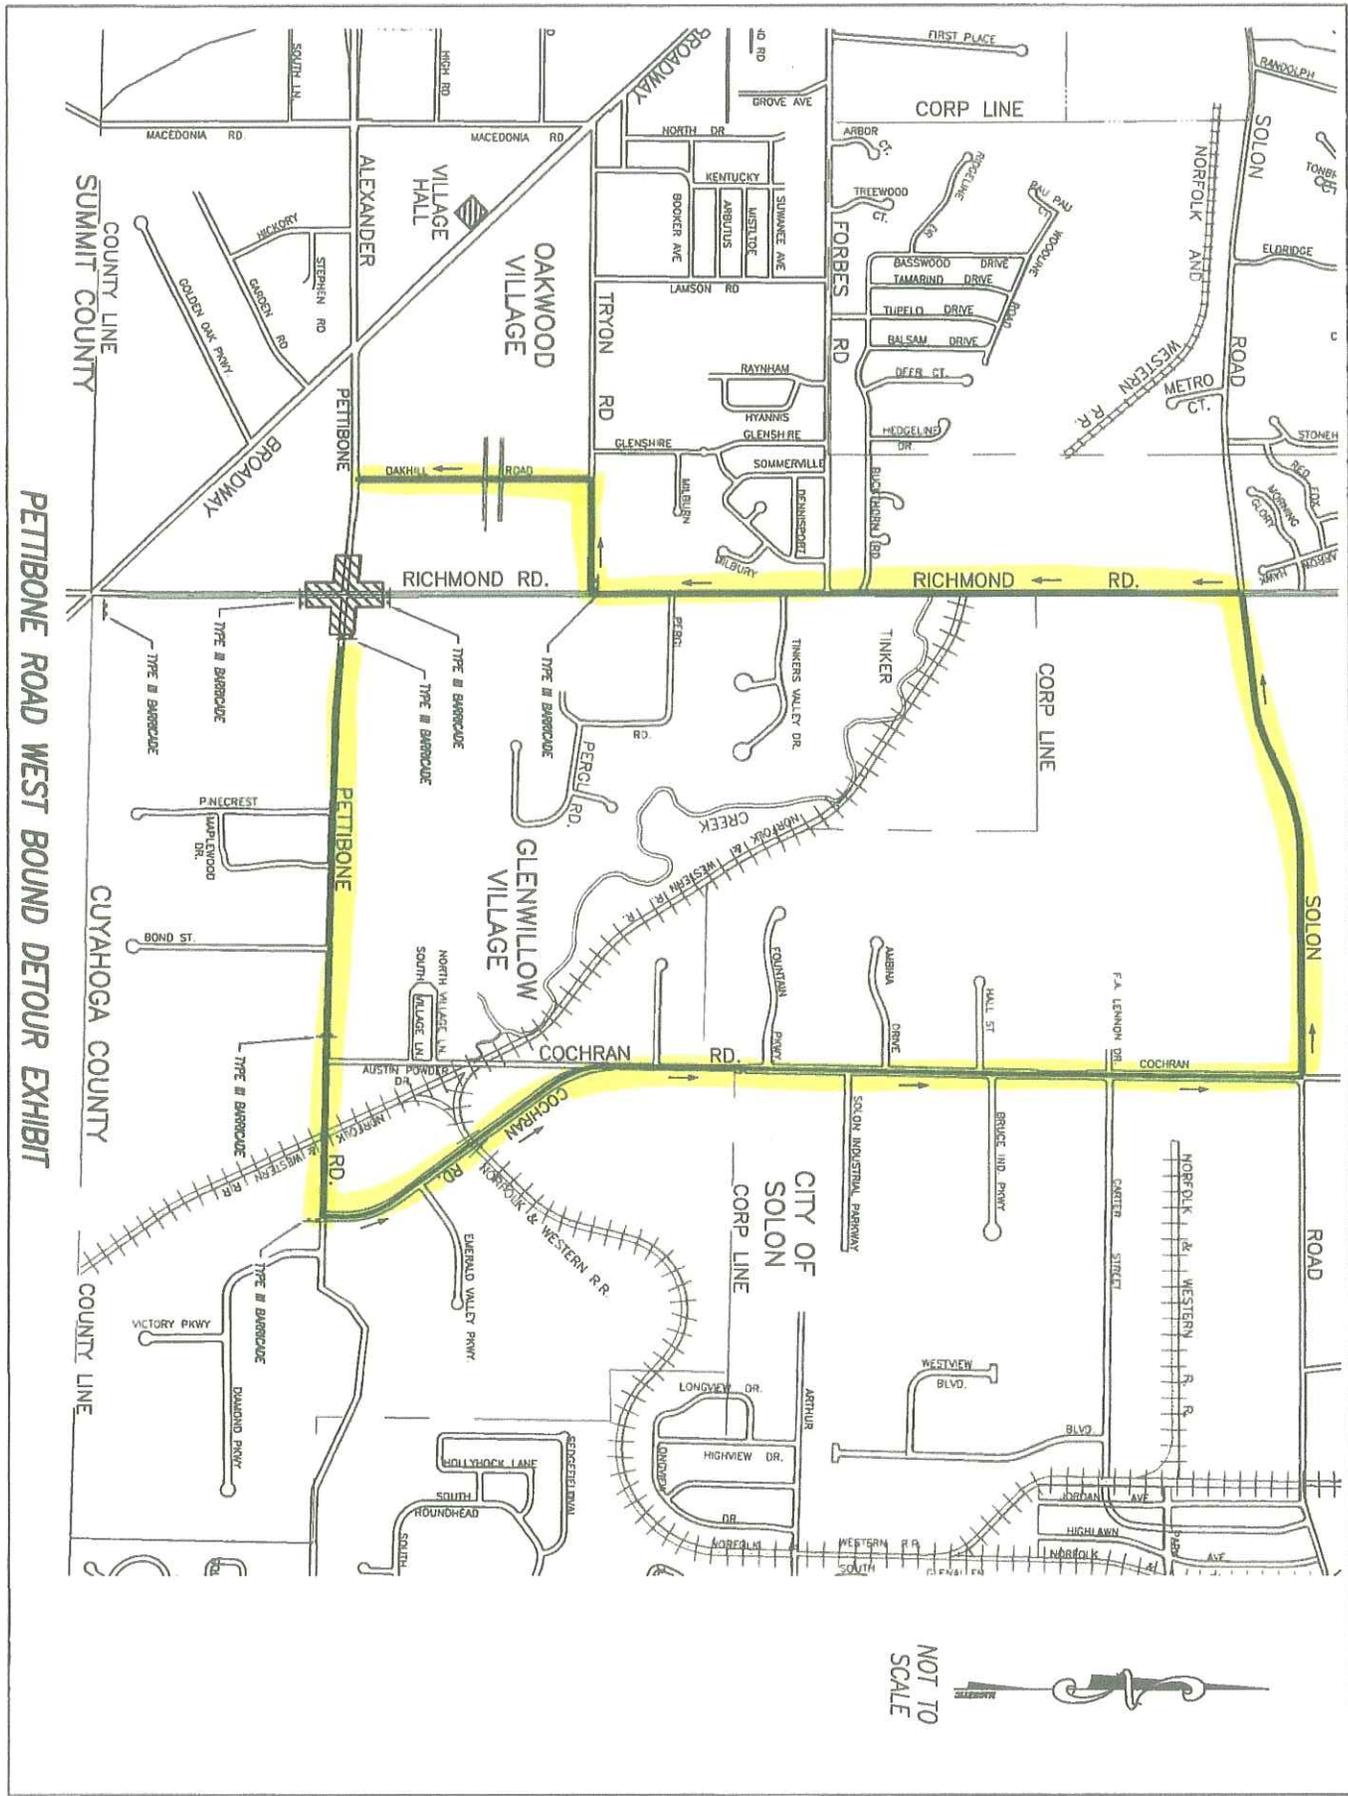

Sincerely,

Michael E. Henry, PE
Village Engineer
