

REPORT FROM THE MAYOR

Dear Resident:

It is hard to believe that fall is here. A time when temperatures gradually decrease and leaves fall from the trees. This season is connected with the harvesting of crops, animals gather food in preparation for the coming winter, and birds migrate toward the equator to escape the colder temperatures. My Staff and I are also preparing for fall. We have listed information and attached flyers for your review:

1. Annual flu shots will be administered in the Village Hall by the Cuyahoga County Board of Health on Wednesday, October 28th from 9:00 AM to 10:30 AM. Please call for an appointment and protect yourself against flu by getting immunized.
2. Our annual Health Fair Day will also be on Wednesday, October 28th from 9:00 AM until 11:00 AM. In addition to the flu shots, UH Bedford Medical will sponsor cholesterol, blood sugar and blood pressure screenings, and Lifeline will bring information on medical alert services.
3. Curbside chipping service on Monday, October 26th at 8:00 AM.

Mayor Donald N. Payne

VILLAGE OF GLENWILLOW MASTER PLAN

The Master Plan is moving toward completion. On Monday, September 21st, the Steering Committee met to review the draft plan including draft Industrial Design Guidelines and draft plan update materials. The adoption of the Master Plan by Planning Commission and Village Council should take place by the end of October.

TREE PLANTING PROGRAM

We are continuing the tree planting program again starting on Tinkers Valley subdivision . This program will be completed by the end of this year.

EMERGENCY PREPAREDNESS PLAN

The Village of Glenwillow is engaged in an aggressive and very forward thinking emergency preparedness plan to provide for the continuation of essential Village services in response to emergencies such as those we have already faced, such as, tornadoes, floods and those we may face such as serious flu epidemics. The Village's emergency preparedness committee, under the Chairmanship of Eric Johnson, is actively developing a plan. More information to follow.

October 1, 2009

Dear Residents,

Flu shots are being made available at the Village Hall Council Chambers on Wednesday, October 28, 2009 from 9:00 A.M. until 10:30 A.M. only.

The Cuyahoga County Board of Health, in cooperation with the Mayor's office, is sponsoring the vaccine program. It is open to all residents as well as the public. If you are of age 60 years and older, or an adult who has a chronic illness, that puts you at risk for influenza.

Persons eligible for Medicare Part B as their primary insurance must bring their Medicare cards with them for billing purposes. If you are not on Medicare, the charge for the flu shot will be \$30.00 payable that day.

Many seniors have signed their Medicare Benefits over to a Medicare HMO insurance policy. Below is a list of Medicare HMO Insurance Companies that the Cuyahoga County Board of Health cannot bill for reimbursement.

- Anthem Senior Advantage
- Kaiser Permanente Ohio Medicare
- SummaCare Secure Silver or Gold
- United Healthcare of Ohio Medicare Complete
- Humana
- Private Insurance

All interested persons must pre-register by Monday October 19, 2009 by calling Lori or Daisy at 440-232-8788.

Sincerely,

Donald N. Payne, Mayor
Village of Glenwillow

September 22, 2009

Dear Resident:

RE: CURBSIDE CHIPPING SERVICE

The Village of Glenwillow will be offering a curbside tree chipping collection to the residents of Glenwillow through Empire Tree Service, Inc. on Monday, October 26, 2009.

Please have your tree trimmings set out no later than 8:00 AM on Monday morning. If the collection is not completed on Monday, pick-up will resume on Tuesday October 27, 2009.

PLEASE NOTE THE REQUIREMENTS FOR THE CHIPPER:

No Stumps – No Roots – No Foreign Matter
Nothing Larger Than 7 Inches in Diameter
Cut “Y” Shaped Branches in Two
No Firewood – No Logs Less Than 4 Feet Long
Separate Small from Large Branches
Face “Cut End” of Branches towards the Road

Should you have any questions, please contact Daryl Schultz/Service Director at 440-232-8788 ext. 119 Monday through Friday 8:00 AM – 4:00 PM.

Sincerely,

Donald N. Payne, Mayor
Village of Glenwillow

Osteoporosis – a take-charge guide

Philips Lifeline helps you live more independently

- Continue living in the comfort of your own home.
- Get prompt, caring assistance at the touch of a button – 24 hours a day, 365 days a year.
- Enjoy increased peace of mind for you and your family.

Understanding osteoporosis

What is osteoporosis?

Osteoporosis literally means “porous bones.” It’s a disease that causes a person’s bones to become weak and brittle. As bone density decreases, the risk of fractures and serious injury from fractures goes up.

A silent disease

The early signs of osteoporosis aren’t obvious. Fortunately, your doctor or healthcare provider can use a simple, painless bone density test to see how strong your bones are.

An estimated 20 percent of seniors who fracture a hip will die in the year following the fracture.

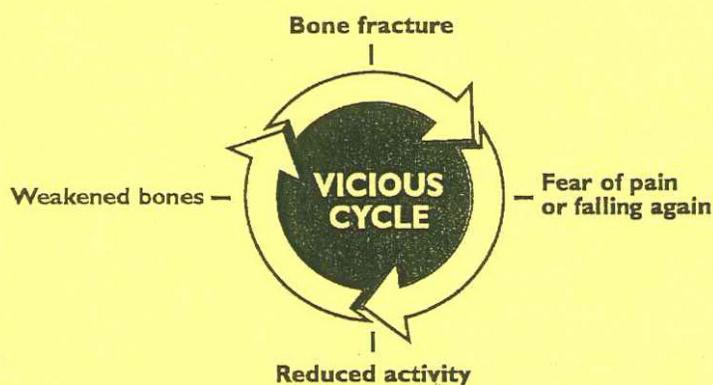

A special concern for women

Ten million Americans suffer from osteoporosis and 80 percent are women. A woman’s risk of hip fracture is equal to her combined risk of breast cancer, cancer of the uterus and ovarian cancer.

1-866-674-9900 ext. 4484

A vicious cycle

Osteoporosis sets up a “vicious cycle.” A fall causes a bone to break, which leads to pain, immobility, fear of another fall and reduced activity. Inactivity, in turn, causes the person’s bones to become even weaker and more vulnerable.

If you have osteoporosis, follow the tips on the next sheet to learn more about living with the disease.
